The farmers are turning the dirt now in great style. New Mexico is putting on back-eastern airs in the way of farming. Who said New Mexico would never be a farming country?

Our old bachelor friend George Jones has 60 acres now ready for seeding.

Quite a number of our youngsters went to the mountains last Sunday; they report a gay time; Aunt Tilda went with them.

Jenkins Flat Happenings

Correspondence:]

Again to let you hear from us. We have had another fine week to work. It is getting a little dry to plow but we have other work that we can do.

One Paul Rush is putting up a residence.

J. T. Jeffreys is getting posts. He thinks he is the champion post getter. He goes eighteen miles and cuts his posts and returns the second day.

Cooper is boring a well for Tarp-ley. He went down 100 feet and the machinery broke. He will wait for repairs to come from Texas. It is rough on the farmer who must wait on such inconveniences and during the time haul water.

It is a sight how the farmers are plowing up the earth, the grass will be a thing of the past in a short time.

Now, we want to tell you something about our beautiful valley. It runs south to the cap rock of the plains and west to the saddle mesa and SS ranch mesa. Dodson is in the valley and also Quay. Dodson is coming to the front rapidly; a flourishing school is running full blast, a literary society which has a debating society and spelling match alternating Saturday nights and church every Sunday.

J. T. Jeffrey will preach at Ogle Flat school house the third Sunday in this month, and his subject will

be "Man's duty he owes to his God in order that he may be saved from his past sins, and the duty he owes to his God to live a consistent Christian life."

Good luck to the editor and his helpers and contributors.

As ever,

Little Redan.

Dangers of Colds and how to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's cough remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.
